Skin Sheek Services

Frustrated with those pesky little skin imperfections? Our high radio frequency esthetic device uses special probes to regulate the application of high frequency directly on the skin's surface. This technology allows your provider to treat minor skin irregularities without penetrating the surface of the skin. Treatments can take only a few seconds and you will often see visible results in one to two treatments! Brown spots, broken capillaries, cherry angiomas, milia, clogged pores, skin tags and more can be treated in just 15 minutes!

Single Treatment – 15 minutes \$65
